PARD NV007V CLIP-ON NIGHT VISION RIFLE SCOPE

The **Pard NV007V** is a redesign of the trusted NV007A with all the great attribute of the original with a new outside shape. It is a light weight rear mounted night vision add on that allows you to quickly and easily convert your day scope into a state of the art night vision rifle scope for close and long range hunting day or night. Now with a new upgraded Sony OLED screen, which uses less power than the earlier version.

No need to dedicate a rifle to night vision, the Pard NV007V provides a high tech solution. Simply attach onto the rear of your rifle scope instantly converting it to night vision.

With 1080P HD colour day-time video recording and 1080P HD night-time video recording direct to the internal micro SD card.

Infrared range	200m
Video resolution	1920*1080
Eyepiece resolution	1024*768
Photo resolution	2608*1944
Magnification	4X-14X;
Focusing range	3cm-∞
size	106*97*41
Infrared power	5w
Infrared wavelength	850nm or 940nm
weight	250g
Storage method	TF card
Fill light	Integrated
WIFI	support
USB	support
Record video and shoot	support

PACKAGE INCLUDES

1 x Pard NV007V (16mm) Night vision device

1 x 45 mm scope ring mount attachment (42mm-45mm sizes available as add-ons)

1 x Rechargeable 18650 battery (installed)

2 x Spare 'o' ring

2 x Allen key

1 x USB Data cable

1 x Protective case

1 x Warranty/Instruction manual

250g ultra-lightweight

Version with 940nm IR emitter:

Adjustable IR emitter: 5 watts, 940nm

Viewing range: 250m

Version with 850nm IR emitter:

Adjustable IR emitter: 5 watts, 850nm

Viewing range: 300m

Not suitable for red deer but allows for longer scanning distance compared to 940nm version

PARD NV007 FEATURES

- 1080P HD Full-color day-time recording
- 1080P HD Night-time recording.
- Record in MP4 format directly to internal Micro SD card (not included).
- Frame rate 30 fps.
- Compatible with OSX and Windows systems. Video footage can also be played back through the viewfinder.
- Built-in 5w 850nm IR infrared illuminator 150yrd – 200yrd with variable focus from spot to flood and three power settings – high/med/low.
- Built-in 1mw laser, for use as a marker or range finding.
- Up to 8 hours run time (depending on built-in IR usage).
- Fits scope eye bell up to 48mm with an adapter
- Easy fit aluminum scope mount – Allows 1/2 a turn fitting of the unit, locks in place solid and fits in seconds.
- Lightweight design (250g)
- Recoil rated up to .308 caliber.
- Powered by a single rechargeable flat top 18650 battery (included).
- Digital zoom function. Increasing digital image size allows you to keep your scope optics at a lower magnification and allow more light in if required.
- Focus-able Dioptre
- Built-in Wifi allows viewing and remote recording via phone or tablet using the dedicated app (ISO and Android)

compatible).

- Standby mode turns the eye display off to prevent spooking of the quarry from screen glare.
- Adjustable brightness and exposure control to allow greater detail during very low light conditions.
16mm Focus-able lens.
- Includes 45mm ring mount for fitting over the ocular lens (for additional sizes 42 and 48mm, choose from drop-down menu).
- 2-year manufacturer warranty
- Menu Languages: English, German, French, Spanish, Portuguese, Italian, Russian, and Czech
